

Stop Testing and Start Analyzing

Quickly determine the effect of any patch, configuration change, or mass employee update to your Oracle® HCM system in minutes. Let the power of KBX™ complete a full analysis of your Payroll data, giving you 100% confidence - ensuring the integrity of your Oracle® Payroll system.

Payroll Testing as Easy as 1 - 2 - 3

Step 1: Submit the PIA Process

- Payroll runs
- Balances are archived
- Payroll is automatically rolled back

Step 2: Make any update that could impact Payroll

- Apply a Family Pack
- Modify Balance Feeds
- Change a Fast Formula
- Update Vertex
- Make Element Changes
- ...

Step 3: Re-submit the PIA Process

- Payroll is re-run
- Payroll is compared against archived result

Initial Totals	Post Totals	+/-	%
\$ 115,134.46	\$ 115,146.92	\$ 12.46	100.01%
